Welcome to the New Madrid County R-1 School District. We have prepared this handbook in order to promote a better understanding among the school, parents, and students. We ask for your cooperation so we may provide your child with a rewarding and enriching educational experience. Please take time to read the handbook thoroughly. Keep this handbook throughout the school year so you can refer to it as needed. When this handbook does not give the information you need, you should contact your building principal, counselor, or a teacher for help.

Purpose of the Handbook

The purpose of this handbook is to acquaint the students and parents of the New Madrid County R-1 School District with the school's program, services, and policies. With an awareness of these regulations we can cooperatively see our school continue to be a place of challenge and happiness that will foster excellent learning.

Educational Philosophy/School District Mission

A philosophy of education is the foundation on which a school district is built, and upon which the product of the school program is evaluated. The philosophy herein subscribed to by the Board of Education shall be a guide in determining the policies, rules and regulations of the school district.

Recognizing each student as a unique individual, we believe that education should provide an opportunity for the maximum development of each individual within the limitations of his or her capacities. Through education, it is possible for the individual to discover and endeavor to achieve to the limits of his or her capacities.

We believe that in a democratic society, education must help the student realize his or her worth as an individual and should lead him or her toward becoming a productive member of society. Strong emphasis must be placed upon democratic values which are important for an effective and satisfying personal and social life.

We believe that the role of the teacher in the educational process is to provide opportunities for the individual to achieve at the maximum level of capacity to create a learning situation in which individual motivation for learning is the stimulus for achievement, and to promote through teaching and example the principles of the

democratic way of life.

We believe that parents/guardians have definite responsibilities in education. They need to have a basic confidence in the school, and they need to impart this confidence to the students. The parents/guardians may do this by cooperating to the fullest with the schools, by encouraging the student to give his or her best efforts to the daily school responsibilities, and by participating in school activities.

We believe that the student must have responsibilities in the educational program of the community. The most important of these is attitude. The student is obliged to come with an open mind, equipped with all the necessary materials, ready to fulfill the responsibilities in the learning process. The basic attitude should be that the school is an institution of opportunity, and staffed with trained personnel to help the student become a contributing member of society.

We believe that the foundation of the district's educational program is based on the development of competencies in the basic fundamentals of reading, oral, and written communication and mathematics.

It is, therefore, the responsibility of the New Madrid County R-1 School District to provide an educational environment for children of the district, which will foster and accelerate their intellectual, physical, social, and career development.

Principal's Message

The faculty and I welcome you to the New Madrid County R-1 School District. To help you enjoy your stay, I would like to make the following suggestions.

Get to know your school. Become familiar with the location of the classrooms, cafeteria, gymnasium, guidance office, nurse's office, and the principal's office. Become familiar with your schedule and the school's program of studies.

You forfeit your chance for life at its fullest when you withhold your best effort in learning. When you give only the minimum to learning, you receive only the minimum in return. Even with your parent's best example and your teachers' best efforts, in the end it is YOUR work that determines how much and how well you learn. When you work to your fullest capacity, you can hope to attain the

knowledge and skills that will enable you to create your future and control your destiny. If you do not, you will have your future thrust upon you by others.

Take hold of your life. Apply your gifts and talents. Work with dedication and self-discipline. Have high expectations for yourself and convert every challenge into an opportunity.

Getting Off To A Good Start

- Label all clothing, books, and equipment.
- Claim found items as soon as you can.
- Report all losses immediately.
- Carry money in small amounts.
- Use checks for items for which you must pay the school.
- Keep to your right when walking in the halls.
- Be ready for special days, changes in schedule, and due dates for long range assignments.
- Don't bring miscellaneous items from home unless prior approval has been given by school authorities.
- Don't bring any type of radio, CD player, pager, or tape player to school unless you are given permission by your principal or teacher.
- Gum chewing will not be allowed.

New Madrid County R-1 Grading System

Sixth Grade		Seventh and Eighth Grade
100-90	A	A 90-100=4.0 Grade Points
89-80	B	B 80-89 =3.0 Grade Points
79-70	C	C 70-79 =2.0 Grade Points
69-60	D	D 60-69 =1.0 Grade Points
59 or below	F	F Below 60 =.0 Grade Points

+/- =Will be used to indicate pass/fail in courses not for credit.
(L. D. Resource Room, etc.)

****An Eagle Alert will include a text when progress reports are available each quarter.***

Sixth, Seventh and Eighth Grade Honor Roll

- a. A four point scale from "A" through "F" will be used.
- b. At the end of each quarter students with a minimum GPA of 3.0 will be recognized as a member of the Quarter Honor Roll.

***Honor roll status will be computed at the end of each school quarter.**

Retention of Students

Students in grades 6-8 may be retained if they fail at least fifty percent of the core subjects, where a grade is given during the current school year.

Schedule Change

All schedule change requests should be completed on or before the 15th class period after the first of each semester. Any change after the 15th class period may result in a failing grade for the class in which the student is currently attending, unless prior approval is given by the teacher of the class the student wishes to drop.

How To Study

Attitude is important. Think positively. Work independently. Seek help only when you have exhausted your own resources; then ask questions. Use library resources.

Learning requires concentration. Keep your mind on what you are doing—it will take less time.

Read the entire assignment rapidly to grasp the basic content. Re-read slowly to understand the content, details, explanations, and directions. If the assignment is not written, make notes of your own. Outline what you have learned.

If the assignment is a long-term project, do a little of it each day. Don't let it go until the last minute—it will be easier and you will do a better job.

Homework

Homework is a necessary part of each student's educational program. Each student must be expected to spend some time in addition to scheduled class instruction to achieve satisfactory work.

Students will be expected to complete homework assignments in a timely manner. If a student fails to complete an assignment the teacher may: 1) give the student zero credit on the assignment and/or; 2) administer some form of punishment to persuade the student to complete the assignment. Students who fail to work on assignments given during class time will be guilty of trifling. (See discipline policy concerning trifling).

A Student Who Studies Well

... Brings notebook, paper, pen or pencil and other materials necessary to class.

... Is an active participant in the classroom, listens well and takes part in discussions.

... Asks questions if he/she doesn't understand the discussion or if he/she has a problem.

... Plans his/her work and schedules time for homework each day and makes sure he/she understands the assignment before he/she leaves class.

... Uses what he/she learns and sees how each subject applies to the others.

... Strives to do his/her best.

Library Media Center

The Library Media Center is the information hub of Central Middle School. Reflecting the philosophy of developing independent learning, the LMC staff emphasizes skills that allow students not only to obtain information from books and media that support their class work, but also to develop the lifelong reading skills needed for reading for enrichment and recreation. The goal of the LMC's flexibly accessed program, which allows students and faculty the opportunity to explore a wide range of research materials, is to provide a quality learning experience. Faculty are encouraged to work with the Library Media Specialist to weave the LMC's information resources into their lesson plans. The LMC staff provides assistance in learning to use the automated card catalog, multimedia encyclopedias, periodical databases, and internet research. Students are allowed the freedom to use leisure time before and after school as well as during lunch periods to utilize the LMC resources, check out books and other materials, as well as enjoy a variety of magazines and newspapers.

Counselor/Students Conference Procedures

Students may make an appointment to meet with the counselor before school, during school, at noon, and after school.

Parent Conferences

Parents may make appointments for conferences with teachers, counselors, or the principal by telephoning the school office.

Parent-teacher conferences are scheduled at the end of the first quarter for students in grade six. Parent-teacher conferences will be scheduled at the end of the third quarter for students not making adequate progress in school.

Lost And Found

Students who find articles are asked to take them to the office where they will be placed in the LOST and FOUND box until claimed by the owner.

Dress

The following types of dress are not appropriate for NMCCMS students: (a) tank tops, tank dresses or spaghetti straps; (b) tops that do not cover the midriff; (c) no hats, caps, or head coverings of any kind (d) revealing shirts; (e) shirts with provocative or unbecoming slogans; (f) short shorts and skirts; (g) sagging pants; (h) gang related dress; (i) sunglasses; (j) chain wallets; (k) pajamas or other sleepwear (unless worn in conjunction with school sponsored activities); (l) shoes with wheels; (m) tights, leggings, etc. (must be covered by a skirt of approved length or a shirt that covers to approved skirt length.)

*****Any accessories which are deemed to be gang related or otherwise offensive will be confiscated. Bandanas are a good example of such an accessory.*

*****Students in violation of the above dress code as interpreted by the principal will be required to 1) call home and have someone bring more suitable clothing and 2) sit in ISS until such clothing can be changed before returning to the regular setting. Repeated offenses will result in further disciplinary action.*

Students arriving late to school per semester:

1st offense-serve remainder of that hour in ISS

2nd offense-serve remainder of that hour in ISS

3rd offense-one day in ISS

Additional offenses will require additional days in ISS or corporal punishment.

Tardiness

Students will be allowed one unexcused tardy per class per quarter. When a student has received their second unexcused tardy, that student should be sent to the office.

A. K-12 STUDENT ATTENDANCE POLICY

Regular attendance and participation in classroom instructional activities are essential to achieving the educational objectives for each class. When students are absent from class, they miss the material covered; they miss the opportunity to interact with the teacher as well as other students and they miss the opportunity to pursue learning opportunities only available in the classroom interaction.

In addition, parents are required, by law to ensure that their school age children attend school.

ATTENDANCE REQUIREMENTS: 8TH HOUR

On the sixth absence and every absence thereafter, students will be **ASSIGNED TO AND REQUIRED TO ATTEND** a supervised 8th hour period for the purpose of making up missed days and assignments. Students who fail to attend assigned 8th hours may be subject to disciplinary measures at the discretion of the building principal. (8th hour may refer to an hour before school if the building principal and parent/student agree upon it). The district will provide transportation for students in after school 8th hour if needed.

The district does not generally distinguish between excused and unexcused absences, as all absences impact learning. However, in cases where a student has an IEP, or where a student (as determined by the district) is unable to attend school, the district will refer to Policy IGBG and Department of Elementary and Secondary Education guidelines for providing home bound instruction.

DUE PROCESS

Students will be provided due process in accordance with the following progression:

On the fifth absence from class in one semester, the student and parent/guardian will be notified that the student will be ASSIGNED TO AND REQUIRED TO ATTEND 8th hour with the next absence and with each additional absence in the semester.

On the seventh absence from one class in one semester, the student and parent/guardian will be requested to attend a conference with the principal and/or truancy officer.

On or before the eighth absence from class in one semester, the student/parent may be required to meet with the attendance review board. The *review board may recommend to the superintendent: a) Further monitoring of attendance; b) Referral to juvenile services or Children's Division; or c) Alternative School.

(*The review board may consist of an administrator, social worker, truancy officer/school resource officer, nurse, teacher, and/or counselor.)

The building principal will be in charge of administering these procedures. Current and accurate records will be maintained regarding individual student attendance and will ensure that the student is aware of his or her standing.

When a student misses more than six days of school (middle and secondary: from any one class in one semester), the student will receive loss of credit unless the student attends 8th hours as assigned. All determinations regarding the application of loss of credit will be made by the building principal.

In the event that a student acquires eight absences from school with no attempt to attend assigned eighth hour(s), the student will have forfeited the option to participate or attend co-curricular activities.

Absences resulting in long term illnesses or other unusual circumstances will receive consideration for a modified application of this policy.

Perfect Attendance

Students with perfect attendance are recognized each semester and at the end of the year. Perfect attendance is a student that has been in attendance each school day from 8:00-3:00. A student arriving late or leaving early from school on any day is not considered perfect attendance.

Skip Day

A “skip day” is not sanctioned by the school; therefore, it will be treated as any other absence.

Passes And Leaving School

Students are NOT PERMITTED to leave the school grounds at any time during the school day WITHOUT permission from home AND the school office. A note from the office must be presented at the traffic control station when leaving the school grounds during the school day. Failure to follow proper procedures will be considered an act of truancy.

School Closing

In the event of severely inclement weather or mechanical breakdown, school may be closed or start time delayed. The same conditions may also necessitate early dismissal. All announcements regarding school closings will be made using Eagle Alert, Facebook, district website, and/or television. When available, the district may utilize a phone calling program through the student information system.

Telephone

The office telephone is a business telephone. Please do not

~~Couples~~ sit unless an emergency arises.

Students will not be allowed to kiss or to handle each other while on school property. Observance of this rule is merely within the bounds

Health Standards

A student shall not attend school or school-sponsored activities while afflicted with any contagious or infectious disease, or while liable to transmit such a disease after being exposed, unless the Board or its designee has determined, based on medical evidence, that (1) the student is no longer infected or liable to transmit the disease; or (2) the student is afflicted with a chronic infectious disease which poses little risk of transmission in the school environment with reasonable precautions. Students should stay home with a temperature of 100 degrees or above. They may return to school when their temperature has been fever free for 24 hours without the use of medication to lower the temperature. If a student's temperature at school is 100 or above, they will be sent home.

Health Services

If a student becomes ill while at school, he/she should report to the nurse who will decide what should be done. Students must not leave the building because of illness without authorization. If the nurse is not in, students are to report to the office.

Medication Policy

The student's doctor must provide a written request that the student be given prescription medication or over-the-counter medication during school hours. The request shall state the name of the student, name of drug, dosage, frequency of administration, route of administration, and doctor's name. The diagnosis/indication for use of the medication shall be provided.

A parent/guardian must request in writing that the school district comply with the doctor's request to give prescribed medication. (The District will not administer the initial dose of any new prescription except in an emergency).

A parent/guardian must also provide a written request that the school district comply with the doctor's request to give over-the-counter medication.

A parent/guardian or other responsible party designated by the parent/guardian will deliver all medication to be administered at school to the school nurse or designee. All medication, prescription or over-the-counter, must be in a pharmacy or manufacturer-label container. The District shall provide secure, locked storage for medication to prevent diversion, misuse, or ingestion by another individual.

Students with asthma or any potentially life-threatening respiratory illness may carry with them for self-administration metered-

dose inhalers containing “rescue” medication. Possession and self-administration of these prescription medications must comply with the Missouri Safe School Act, 1996. The directives of this Act will be given to each parent/guardian who requests that his/her student be permitted to carry and self-administer such medication. A permission form for self-administration is part of this Regulation. (See Regulation 2870-Permission Form). Parents must provide an inhaler to be kept in the nurse’s office for all students who have been prescribed an inhaler for asthma.

Students who have permission to self administer their inhaler must also provide a back-up inhaler to be kept in the nurse’s office.

In situations where the above requirements are not met, or any time the parent/guardian chooses, the parent/guardian may come to school to administer medicine to his/her student.

It shall be the policy of this District that the District will not knowingly administer any medication to a student if the District’s registered professional school nurse believes, in his/her professional judgment, that such administration could cause harm to the student, other students, or the District itself. Such cases may include, but not necessarily limited to, situations in which the District is being asked to administer medication in a dosage that exceeds the highest recommended dosage listed in the current annual volume of the Physician’s Desk Reference or other recognized medical or pharmaceutical text.

Students With Communicable Diseases

A student shall not attend classes or other school-sponsored activities, if the student (1) has, or has been exposed to, an acute (short duration) or chronic (long duration) contagious or infectious disease, and (2) is liable to transmit the contagious or infectious disease, unless the Board of Education or its designee has determined, based upon medical evidence, that the student:

1. No longer has the disease.
2. Is not in the contagious or infectious stage of an acute disease.
3. Has a chronic infectious disease that poses little risk of transmission in the school environment with reasonable precautions.

School officials may require any child suspected of having

a contagious or infectious disease to be examined by a physician and may exclude the child from school, in accordance with the procedures authorized by this policy, so long as there is a substantial risk of transmission of the disease in the school environment. (See Regulation 2860-Acute Infectious Disease Section)

A student who has a chronic infectious disease, and who is permitted to attend school, may be required to do so under specified conditions. Failure to adhere to the conditions will result in the student being excluded from school.

A student who has a chronic infectious disease and who is not permitted to attend school or participate in school activities will be provided instruction in an alternative educational setting in accordance with District policies. (See Regulation 2860-Chronic Infectious Disease Section)

Students with acute or chronic contagious or infectious diseases and their families have a right to privacy and confidentiality. Only staff members who have a medical reason to know the identity and condition of such students will be informed.

The District will implement reporting and disease outbreak control measures in accordance with the provisions of Missouri Department of Health publication PACH-16, “Prevention and Control of Communicable Diseases: A Guide for School Administrators, Nurses, Teachers and Day Care Operators,” a copy of which shall be on file in the office of the Supervisor of Health Services and in the office of each school nurse.

Accidents

Every injury of significance in the school building, on the school grounds, at practice sessions or any athletic event sponsored by the school, MUST be reported IMMEDIATELY to the person in charge and to the principal’s office as soon as possible.

Inoculations of Students

It shall be the policy of the New Madrid County R-1 School District that all students attending the district schools shall be in compliance with state law and regulations requiring immunization against poliomyelitis, rubella, rubeola, mumps, tetanus, pertussis,

diphtheria, Hepatitis B, and HIB.

The parents or guardians of each student entering the school district shall furnish satisfactory proof that the student has been adequately immunized, or that the immunization process has begun.

It shall be unlawful for any student to attend school in the district unless the student has been satisfactorily immunized or unless the parents/guardians have signed and placed on file with the school administrator a statement of exemption because of religious beliefs or medical contradictions. A physician's statement will be provided if the reason for exemption is a medical contradiction.

Failure to comply with this legal requirement will result in the student's exclusion from school until proof of compliance has been presented to the district. If the student produces evidence of having begun the process of immunization, he or she may continue to attend school as long as the process is proceeding.

Homeless children are the only exception, and are allowed a 24-hour time period in which to provide proof of compliance.

The superintendent shall institute procedures for the maintenance of health records, which are to show the immunization status of every child enrolled or attending in the district, and for the completion of all necessary reports in accordance with guidelines prepared by the Department of Social Services-Missouri Division of Health.

Fire And Disaster Drills

Fire and disaster drills at regular intervals are required by law and are an important safety precaution. It is essential that when the first signal is given, everyone obeys promptly and clears the building by the prescribed route as quickly as possible. The teacher in charge of each classroom will give the students instructions.

Care of School Property

Students are responsible for the proper care of all books, supplies and furniture supplied by the school. Students who disfigure property, break windows or do other damage to school property or equipment will be subject to disciplinary action and be required to pay for the damage.

Change of Address

Inform the office if you change your address or telephone number. It is very important that the office be notified of all changes.

Cafeteria

The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, lunch is offered at a reasonable price. Students may choose to bring lunches from home. In order to keep the cafeteria clean and attractive, the following rules must be observed:

All food and candy is to be eaten in the cafeteria.

Keep tables and floor clean.

Lunch litter must be disposed of in waste cans.

Trays and silverware must be returned to receiving counter.

Talk in a normal voice.

Running, pushing, or "cutting" in serving lines will not be tolerated.

Students will be dismissed by the teachers on duty in the cafeteria.

The cost of lunch will be the following during the current school year:

Lunch Student - full price \$1.00, reduced \$.40

Breakfast Student - full price \$.50, reduced \$.30

Lunch

Students are to remain in the Commons Area during the lunch break.

Snacks

Sodas, chips, etc., are to be consumed during the lunch break only (no food is to be taken into the classrooms or onto the carpeted area of the building before, during, or after school). Gum chewing is prohibited in all school facilities.

Commons Area

(a) Students are encouraged to gather in the commons area prior to the first period of the school day; (b) students are expected to remain in the commons area during their lunch break; (c) conduct normally associated with restaurant dining will be expected and maintained during the lunch break and (d) all students must be seated while in the Commons Area.

Fund Raising

Before a student or student group begins selling articles as a project it should be cleared with the administration. All purchases of items for school organizations, class activities, etc., must be approved by the principal. Before purchases are made, a purchase order must be completed by the principal's secretary. All items will be sold through the office. Unless proper procedure and authorization is used, the purchaser is personally responsible for the cost of the item purchased. There is to be no door-to-door, roadblock, or telephone soliciting.

Gymnasium

(a)The gym is to be used for the purposes of physical education and extracurricular activities (it is not to be used before school or as a shortcut through the building); (b) Missouri State Activities Association rules of conduct are to be observed at all extracurricular events.

Exits

Students are to enter and leave the building by the way of primary exits only (you are not to leave or enter the building by way of the door located in the classrooms or end of the hallways.)

Student Cell Phone/Electronic Device Notification and Procedures

The New Madrid County R-1 School District recognizes the need for parents to be able to communicate with their children in a timely manner, and development in technology in recent years has resulted in enhanced communication opportunities. However, the use of cell phones, pagers, digital cameras, MP3's, iPods, and similar devices in schools pose increasing risks of school disruptions, bullying, criminal activity, and academic dishonesty. As a result, use of cell phones, pagers, digital cameras, MP3's, iPods, and similar devices will be restricted during the instructional day.

Students shall not use, display, or turn on electronic

communication devices once they arrive on school property during the regular school day. Students who bring electronic communication devices to school should keep these items out of sight unless permission is granted for use by a school district official. Following the conclusion to the regular school day, electronic devices may be used by students for after school purposes.

Discipline for Unauthorized Use:

1st offense	1day of ISS
2nd offense	3 days of ISS
3rd offense	5 days of ISS

Subsequent offense: 1-10 days out-of-school suspension

Due to constant innovation, rapidly advancing technology, availability of numerous applications (Apps), increasing capabilities available on cell phones/and or electronic devices, it is not possible to foresee all possible scenarios involving the improper use or misuse of these types of devices. Therefore, the New Madrid County R-1 School District retains the authority to examine contents of any electronic communication device and to determine and define the improper use or misuse of these types of devices in the event of suspected inappropriate or unlawful use of said device.

Examples of these types of scenarios could involve, but are not limited to the following: privacy violations of other students, school staff, or faculty; improper communication between students involving academic dishonesty, harassment, bullying, etc., or criminal activity. Consequently, the use of a device with photographic capability is **banned** at all times from all restrooms, dressing rooms, and locker rooms. Violations of this policy may result in the following:

Discipline for Misuse of Cell Phone/Electronic Device:

- 1. Immediate confiscation of the cell phone, camera, or other photographic device.**
- 2. 1-10 days out-of-school suspension and/or possible notification of law enforcement officials.**

Electronic communication devices used without authorization will be confiscated and returned to the student's parent/guardian. In the event of suspected criminal activity the device may be given to law enforcement officials.

The New Madrid County R-1 School District will not be responsible for any damaged, missing, or stolen electronic communication device. If a student has a device damaged or stolen, the school district will NOT utilize administrative time to investigate the incident.

Physical Education

Physical Education is required by law unless excused by written request of the family physician. The school will furnish all play equipment necessary. Tennis shoes must be worn for P.E. classes.

Lockers

Students in selected grades will be assigned a locker. School lockers are the property of the New Madrid County R-1 School District. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Periodic general inspections of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The school officials also reserve the right to have lockers and other school property searched for drugs or other items that violate school and/or civil regulations. These searches may be unannounced and may include the use of a specially trained police dog. Use only the locker assigned to you. All personal items and books, when not in use, are to be kept in lockers. Do not tamper with another students' locker.

School Sponsored Trips

All students who make school sponsored trips must leave and return on the school bus or other transportation furnished for the trip.

All trips must be approved by the principal and all regulations must be obeyed concerning the conduct of the trip.

1. Sponsors must make a roster of students riding the bus to any activity and must check the list before the return trip.
2. In the event a student is not present at the appointed time to return from an activity and after all reasonable efforts to locate the student have been exhausted, the sponsor shall contact his/her principal. The administrator will then make every reasonable effort to contact the student's parents/guardians. If the principal and/or another administrator cannot be contacted, the sponsor shall call the New Madrid County Sheriff's Office for assistance in locating an administrator. At least one sponsor, with transportation, will remain in the designated pickup area until the following provisions have been made: (a) the student's parents/guardians have been contacted by the administrator, and (b) the student's

parents/guardians direct the administrator to instruct the sponsor to return home.

3. Student's affected by Section 2 (above) will face disciplinary measures which are appropriate considering the degree of the violation. These measures include, but are not limited to: (a) removal from the organization or group involved; (b) being banned from any activities/trips for a period of 365 days; and (c) suspension from school.
4. Sponsors returning from trips are responsible for students until all students are picked up or leave the school premises.

Clubs and Organizations

Current clubs/organizations available to NMCCMS seventh and eighth grade students include:

1. Band
2. Chorus
3. Quiz Bowl
4. National Junior Honor Society
5. Student Council

Selection Process For National Junior Honor Society

Students may not apply for membership in the National Junior Honor Society. Membership is granted only to those students elected by the faculty council. The faculty council shall consist of five voting faculty members appointed annually by the principal. The chapter adviser shall be an ex-officio, non-voting, sixth member of the faculty council.

Membership in the National Junior Honor Society is both an honor and a responsibility. Students elected for membership are expected to continue to demonstrate the qualities of scholarship, service, leadership, and character.

Students are selected for membership on the basis of scholarship, leadership, service, and character. Membership is never considered on the basis of scholarship alone. Academically eligible students will be surveyed by the faculty council to determine interest in membership and to obtain information regarding service and leadership activities. Students so surveyed should understand that such surveys are not applications for membership and that review information gathered does not guarantee selection.

The following criteria shall be followed by the faculty council when selecting members for National Junior Honor Society.

SCHOLARSHIP: The academic requirement for membership in NJHS is based on a student's cumulative grade point average at the end of each quarter. The minimum grade point average allowable for consideration in the New Madrid County Central Middle School chapter of the National Junior Honor Society is a 3.50 on a 4.0 scale.

LEADERSHIP

The student who exercises leadership:

Is resourceful in solving problems, applying principles and making suggestions.

Actively helps to rid the school of bad influences or environment.

Extra-Curricular Activities

To be eligible for junior high competition against teams in a particular grade classification, the student shall not have reached the following age prior to July 1 preceding the opening of school: Grade seven—14, Grade eight—15. Students who represent a school in interscholastic activities must be creditable citizens and judged so by proper school authority certifying a list of students for competition.

Those students whose character or conduct is such to reflect discredit upon themselves or their school are not considered "credit-able citizens." Your character or conduct in the community and on school grounds are weighed evenly. Failure to conduct yourself in this manner will result in disciplinary action and may result in your dismissal from the team.

All students are required to obtain a physical and have proof of insurance.

Anyone who is absent from school the day of a game will not be allowed to play unless the absence is excused by the building principal.

To help assist the administration in student conduct and to help the needs of the parents, participating sponsors and guests, the New Madrid County R-1 School Resource Officer will make every effort to be present at various activities. The district reserves the right to employ metal detection and breath analysis equipment at all extra-curricular activities/events. It is not necessary for the test to determine blood-alcohol level, since the district has zero tolerance for alcohol use. These activities will include athletic events, concerts and other school sponsored activities.

DANCES: The Middle School will have two dances, one per semester, each sponsored by the Student Council. Students may not attend if they have been assigned more than 3 days of ISS or if they have been suspended during the semester. Students may not attend if they have more than six (6) absences per semester. Excessive office referrals may result in denial of attendance unless otherwise directed by the superintendent of schools.

Headed to the Top of the Class: Every student is a member of this club at the beginning of each quarter. Eligibility requirements for the Headed to the Top trip are as follows: must pay a \$.25 entry fee, sign and return the contract, no more than 21 hours absent per quarter (excused or unexcused), maintain a "C" average in all classes, no discipline referrals for the quarter (this includes corporal punishment, ISS, and suspension).

NOTE: The school district will make every attempt to notify parents/guardians regarding the time students should be picked up after extracurricular activities. Individuals requesting special arrangements for students following extracurricular activities must inform the principal/sponsor prior to the activity taking place.

Procedures For Night Activities:

1. All school policies apply before, during and after any school sponsored event, including athletic contests, dances, band/music concerts, or any other similar event.
2. Extra-curricular busses are for participants only. Students who are not participating in the event are not allowed to ride the bus at any time.
3. Students who are spectators must have transportation available immediately after the event.
4. When students leave an event, they may not return.
5. When students are absent during the school day they must

obtain permission from the principal before attending any school sponsored event.

6. Students removed from any night activity must LEAVE the campus. *A conference will be held the following day to determine whether the student may return to any future activities.

7. All rules apply for home as well as away activities.

Suspended students and Alternative School students are not allowed to attend any NMCCMS activities. This also applies to off campus activities.

Athletic Activities (Seventh and Eighth Grades)

NMCC Middle School participates in 7 athletic activities. Students are encouraged to take part in some form of interscholastic competition. NMCC Middle School athletic activities include:

- | | |
|----------------------|----------------------|
| 1. Girl's Volleyball | 4. Girl's Basketball |
| 2. Football | 5. Cheerleading |
| 3. Boy's Basketball | 6. Boy's Baseball |

Withdrawal From School

Any student who transfers to another school during the school year must get a withdrawal form from the office. All books and school-owned materials **MUST** be turned in before any records will be sent to another school.

Bus

Student Responsibility:

A student must respect the authority of the bus driver or any teacher or person of authority in the district.

A student must be on time. The bus cannot wait beyond its regular schedule for those who are tardy.

A student must never stand on the roadway while waiting for a bus.

Upon entering the bus, a student must immediately find his/her seat and sit down.

He/she must remain seated until time to leave the bus or until instructed by the driver to move.

Unnecessary conversation with the bus driver is prohibited.

Classroom conduct is to be observed by students while riding the bus, with the exception of ordinary conversation.

A student must never extend head, arms, or legs from the bus nor should he/she call out to passersby.

Smoking or the carrying of cigarettes by students is prohibited.

Profane language, scuffling or throwing of objects is prohibited.

Any large instruments such as band instruments are to be placed on the bus only upon receiving permission from the driver. All personal belongings shall be kept with the student at all times while on the bus.

Any damage to the bus must be reported immediately to the driver.

No student will ride any bus except the one to which he/she is assigned without prior approval by the principal. Students wishing to visit overnight with friends must submit a note from their parents and receive permission from the principal. This will be approved on an emergency basis only.

No student will be picked up or discharged at any place other than his assigned stop and school unless prior permission of the principal is granted.

Once a student enters the bus he/she may not leave until the intended destination has been reached.

Students who must cross the road will do so in front of the bus after a signal from the driver. Students must not cross a divided highway at any time.

In the event of an accident or emergency, students must obey the driver and not leave the scene for any reason until cleared to do so by the responsible authority present.

Any infraction of rules set forth herein or rules required by the Missouri State Department of Education shall be grounds for loss of transportation privileges. Suspension from transportation will be made by the principal. Notification of such action will be made to the parent either by mail or telephone.

Bus Zones - Do not pass buses while loading or unloading when the stop arm is out and upper red lights are flashing.

School Services

1. Special services are available within the district for those students who qualify. Services available include: Special Education for Educable Mentally Handicapped, Learning Disabled, Emotionally Disturbed, Speech/Language Therapy, Title I Services, Homebound Tutoring.

Services not provided within the district are provided through contracted arrangement.

2. In addition to regular classroom experiences, our schools also provide students with access to the following:

Music

Band

Physical Education

Consumer Science 7

Exploratory Reading/Study Skills 7

Library Services and classes

Keyboarding 8

Industrial Technology 8

3. An academic counselor is on staff to provide students with the following services if necessary:

- Psychological Evaluation

- Individual conferences whenever a student, teacher, or parent requests help in dealing with adjustment problems, academic problems, or help in obtaining services from outside sources.

- Coordinating a testing program in compliance with state and federal guidelines.

In The Event of Any Disaster:

- No student will be dismissed from school unless a parent (or individual designated by a parent) comes for him/her.

- No child will be allowed to leave with another person, even a relative or baby-sitter, unless we have written permission to that effect or that particular person is listed on the student's emergency form in our files. With this in mind, if your child's form is not up-to-date, please request a new form from the office.

- All parents, or designated parties, who come for students must have them signed out at the office or at the temporary Student Release Station on the school grounds.

- We are prepared to care for your children in times of critical situations. If you are not able to reach the school, we will care for your child here. We have a number of people with first-aid certificates, and we will be in communication with various local emergency services. We do ask your help in the following areas:

- Please do not call the school—we must have the lines open for emergency calls.

- Following an earthquake or other emergency, do not immediately drive to the school—streets and access to our school may be

cluttered with debris. The school access route and street entrance areas must remain clear for emergency vehicles.

- Turn on your local radio and television station for information and directions.

Imitation Weapons/Drugs

Students are not to bring any “fake” items to school that could cause others to believe they are in possession of any item that could cause harm such as guns, knives, “kiddie dope”, etc. Any student violating this rule will be punished according to the New Madrid County R-1 Discipline Policy. See district discipline code.

Metal Detectors

Faculty and students should immediately report to the office any person(s) who may potentially cause danger or threaten the faculty and students of New Madrid County Central Middle School. Prevention measures must be taken to ensure a safe school environment. In an attempt to maintain a safe and orderly school environment, the district reserves the right to utilize metal detection and breath analysis equipment.

Student Drug Testing Program

The primary purpose of the district’s student drug testing program is to send a clear message that the district is committed to eliminating chemical abuse and to help those who are experiencing chemical abuse problems. The basic tenants of the policy are as follows: 1) there will be a student drug testing program that will be random for all student athletes and those other students who participate in interscholastic competitions; 2) students who do not participate in athletics or other interscholastic competitions can voluntarily participate in the drug testing program; 3) those athletes and other interscholastic team members who test positive will be suspended from team or organizational membership for no less than 30 calendar days; and 4) the parents of those who test positive will be notified and drug counseling strongly suggested—students who test positive will not be subject to other forms of disciplinary actions other than those contained within parameters of the program.

Parents and students will receive a more detailed description of the drug testing program prior to their participation in the drug testing program.

Internet User Policy

Each student must have a parent/student signed Internet Agreement on file in the middle school office. If a student does not have the signed agreement, access to the Internet will be denied.

1:1 Technology Device

Insurance shall be \$25 per device. A family will not have to pay more than \$75 per year. The insurance may be paid over a five month period. If a payment is missed or is not paid in the five months, the device is not insured and the student is responsible for the full cost of the repair. Insurance shall cover two broken screens per year at no additional cost. After two, the student will have to pay a deductible of \$25 per incident. In the event of major damage or loss, the deductible will be \$50 for the first incident and the second will be \$100 deductible. Any accident after that, the student will have to pay the actual cost of repair or replacement. The approximate cost of the chromebook is \$350.00.

District Discipline Code

The New Madrid County R-1 District has adopted policies on student discipline. The policies, rules and regulations will apply to all students in attendance in district instructional and support programs, including all school sponsored activities. Included in the school policies is a policy on corporal punishment. The district permits corporal punishment as a measure of correction or of maintaining discipline and order in schools.

The R-1 District will allow the parent/guardian to complete a request form, asking the principal to not allow corporal punishment for their child(ren). This is only a request and will be followed to the best of the ability from all certified staff members.

Each parent/guardian is to be reminded that the New Madrid County R-1 School District does permit corporal punishment and policies for such are recognized.

Parents/guardians may come to the principal’s office of the building, from which their child is in attendance, to complete a request for the district to not utilize corporal punishment on their child.

I. Objective

Developing good citizenship characteristics among its pupils is one of the most important objectives of an educational system. The task of the individual pupil is to learn to live effectively and harmoniously with others as he/she works to develop his/her own skills and understanding needed to build the kind of character expected of a good citizen.

To assist in accomplishing the institutional objective cited above, the principals and teachers in each building within the New Madrid County R-1 School District are charged with the responsibility for establishing and enforcing the rules and regulations necessary for the implementation of a discipline policy which is both effective and judicious. Through a cooperative effort of school personnel, parents, and pupils working to maintain good school discipline, an atmosphere can exist that fosters the development of good citizenship characteristics.

Student Discipline - The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts or students on district property, including playgrounds, parking lots, and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Reporting to Law Enforcement

It is the policy of NMCC R-1 to report all crimes occurring on district property to law enforcement, including, but not limited to, the crimes the district is required to report in accordance with the law. The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy. In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Documentation in Student's Discipline Record

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with the law and policy.

Conditions of Suspension, Expulsion and Other Disciplinary Consequences

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of any district activity for any reason, unless permission is granted by the superintendent or designee. In addition, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if the student is not suspended or expelled from school, if appropriate. In accordance with law, any student who is suspended for any offenses listed in 161.261, RSMo., or any act of violence or drug related activity as a serious violation of school discipline shall not be allowed to be within 1000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one of the following conditions exists:

1. The student is under direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.
2. The student is enrolled in and attending an alternative school that is located within 1000 feet of a public school in the district.
3. The student resides within 1000 feet of a public school in the district and is on the property of his or her residence.

If a student violates the prohibitions in this section, he or she may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

Impact on Grades

As with any absence, absences due to an out-of-school suspension may result in the student earning a lower grade in accordance with the district's policy on absences.

Prohibited Conduct

The following are descriptions of prohibited conduct as well as potential consequences for violations. Building-level administrators are authorized to more narrowly tailor potential consequences as appropriate for the age level of students in the building. All consequences must be within the ranges established in this regulation. In addition to the consequences specified here, school officials will notify law enforcement and document violations in the student's discipline file pursuant to law and Board policy.

** Explanation on pages 18, 19 and 21

* This chart does not cover all problems which exist within a school. Those areas not mentioned in this chart will be defined by school administrators who will use professional judgement in determining the appropriate disciplinary action and attempt to be as consistent as possible throughout the district.

** Since these problems include violation of law, school officials may also need to notify the appropriate law enforcement officials. Any action the law enforcement officials might take will be in addition to the action taken by the school.

*** Any student causing a significant disruption such as fighting, etc. in the cafeteria before or after school or during the lunch period or before/ during/after an extracurricular activity will be subject to at least a ten day suspension and loss of privileges.

*** Video cameras are installed on the buses and on the high school campus and may be used to determine which students are involved in disciplinary infractions.

III. Disciplinary Actions (Listed in Order of severity)

- A. Conference—A formal conference held between a student and school official(s). If necessary, the student’s parent(s) may also be included in an effort to make the parent(s) aware of the situation and/or to make suggestions that will help alleviate the problem.
- B. General Disciplinary Measures—May include: (1) corporal punishment (1-3 swats); (2) suspension or loss of privileges; (3) assignment into an in-school suspension setting; (4) after school detention; and (5) loss of credit.
- C. Short Term Suspension (Up to 10 School Days)—The student is informed that he/she is subject to suspension. The student is afforded the opportunity to hear the reason(s) for his/her suspension. The building principal is the person charged with carrying out this procedure.
- D. Long Term Suspension (Up to 180 Days)—The Board of Education authorizes the superintendent to suspend a student for up to 180 school days. The student is informed that he/she is subject to suspension. The student is afforded the appropriate due process procedures. A suspension of more than 10 days may be appealed to the Board of Education through the superintendent.
- E. Expulsion—The Board of Education authorizes the expulsion of students. The student is afforded the appropriate due process procedures. Following this procedure, if the superintendent determines that the expulsion is appropriate, he will make that recommendation to the Board of Education with which the authority for expulsion rests.
- F. ISS — In school suspension is provided in an effort to give suspended students (up to 10 school days) an option. Students suspended out of school are not allowed to make up missed assignments or tests. ISS allows students to do their assignments and take tests. Certain instances may arise, however, where students assigned to the ISS center will not be allowed to complete their work for credit. The decision to withhold credit in these instances will be made by the Superintendent of Schools. Once a student

has served (10) days in ISS, the principal may determine that ISS has not been effective in improving the student's behavior, therefore, ISS will no longer be an option for that student.

G. Any student serving a suspension (out of school or ISS will not be allowed to participate in activities during the day or attend extracurricular activities on the day(s) of his/her suspension, unless otherwise directed by the Superintendent of Schools.

IV. Relationship Between Problem Areas and Disciplinary Action

The chart on page 28 illustrates the type of disciplinary action that may be taken for each problem area. In each case, a minimum and maximum action is listed as well as action for first and one for repeated occurrences. The disciplinary action taken will be based on a wide range of variables such as, but not limited to, the age of the student, past record of behavior, attitude, the severity of the infraction, and the severity of the problem as it exists in that particular school.

*This chart does not cover all problems which exist within the school. Those areas not mentioned in this chart will be defined by school administrators who will use professional judgement in determining the appropriate disciplinary action and attempt to be as consistent as possible throughout the district.

**Since these problems could include violation of law, school officials may also need to notify the appropriate law enforcement officials. Any action the law enforcement officials may take will be in addition to the action taken by the school.

***Any student causing a significant disruption such as fighting, etc. in the Commons Area before or after school or during the lunch period or before / during / after an extracurricular activity will be subject to at least a 3-5 day suspension with an additional five (5) days to be served in the alternative school (according to the severity of the offense).

****Video cameras are installed on the buses and may be used to determine which students are involved in bus violations.

VI. Due Process

All students are entitled to due process. This means that there are certain procedures that school officials will follow prior to taking appropriate disciplinary actions.

A. Suspensions

1. Short Term Suspensions—An informal meeting between the school administrator(s), the student, and other appropriate faculty.

2. Long Term Suspensions—The student and her/his parent(s) will be notified of the principal's recommendation to the superintendent to suspend the student for up to 180 days. The student and her/his parents may ask for an appeal of the decision to suspend to the Board of Education through the superintendent. A hearing will be conducted at the office of the Board of Education, at a time set by the board, and will take place within eight days of the notification of the students. The student has the right to be represented by a lawyer or other person of the student's choice. The superintendent shall transmit to the board a full report in writing of the facts relating to the suspension, the action taken, and the reasons therefore. The results of the board's decision shall be delivered to the student within 24 hours of the hearing. Although students are encouraged to keep up with course work during the time of short term or long term suspension, no credit may be earned towards the determination of final grades. Credit that is lost during a suspension will be reflected in the suspended student's final grade. Any student in Alternative School will not be allowed to participate or attend extracurricular activities, unless otherwise directed by the Alternative School Director.

B. Expulsions

The student and her/his parent(s) will be notified within 24 hours of the recommendation to expel the student. The Board of Education, after notice to the parent(s) shall conduct a hearing at the office of the Board of Education, at a time set by the board, within eight days to consider the evidence and statements that the parties present. The student, or his/her representatives, shall have right of access to copies of evidence, the right to be represented by a lawyer or other person of the students choice, the right to be present at the hearing, and the right to confront witnesses and ask questions. Only members of the board shall be present during deliberations. The results of the board's decision shall be delivered to the student within 24 hours of the hearing.

VII. Discipline Procedures for the Handicapped

The following general principles and procedures apply to the discipline of handicapped students.

A. Handicapped students shall follow the rules and regulations of the schools which they attend and shall be generally subject to standard disciplinary penalties, except to the extent that modifications of the school's disciplinary actions are stated in student IEP's.

B. 1. Prior to imposing any short term suspension, long term suspension (10+days), or expulsion; the district's building principals shall notify the handicapped student's IEP chairperson (normally the itinerant or resource teacher or teacher of the self-contained class).

2. The IEP case manager and principal shall maintain a discipline record for each handicapped student.

C. 1. The district's building principals are authorized to impose short term suspensions with a cumulative total of 10 days or less in one year. A short term suspension does not constitute a change of special education placement or a complete cessation of services within the meaning of

the Education of All Handicapped Children Act (EHA) or a significant change in placement which would require a reevaluation under the Rehabilitation Act of 1973.

2. For suspensions totaling less than 10 days in one school year, due process rights provided through Missouri laws including the right to oral or written notice of charges, the right to an explanation of the charges, and the facts which form the basis of the proposed suspension, and the student's right to present his/her version of the incident shall be implemented.

D. Refer to Procedural Safeguards for Children and Parents as required by Public Law 105-17, the Individuals with Disabilities Act (IDEA) Amendments of 1997.

VIII. Distribution of Policy

Copies of this policy will be included in the student handbook for each school and will be distributed to each student at the beginning of the school year.

IX. Discrimination Policy and Grievance

Procedure

The policies and practices support equal opportunity in its educational program. The New Madrid County R-1 Enlarged School District does not intend to discriminate on the basis of race, color, religion, or sex in employment of faculty and staff or treatment of students.

The New Madrid County R-1 Enlarged School District will comply with the goals and objectives of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments Act of 1972, Section 504 of the Rehabilitation Act of 1973, and Title II of the American with Disabilities Act of 1992.

No person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any academic, extracurricular, research, vocational training, or other education program or activity operated by the New Madrid County R-1 Enlarged School District.

Inquiries regarding compliance may be directed to Dr. Sam Duncan, Superintendent of Schools.

The following procedures will be observed in recognizing a grievance in an impartial and factual manner. Employees and students may register their grievances with the school authorities in this manner:

- a. All grievances must be presented in writing. The statement must include specific information as to date, time, place, and person(s) involved.
- b. The statement must be signed and identification given which will allow proper reply to be made.
- c. The statement may be hand delivered or mailed to the administrator in charge of the building where the person works or attends classes.
- d. The administrator will meet with the person who has the grievance within ten days.
- e. If the grievance is not satisfactorily resolved at this level, an appeal may be made to the administrator in charge of the building. If a solution is not reached at this level, it will be the responsibility of the Title IX coordinator to become involved in the process, and he or she will hear the complaint and review the statement and make recommendations to the superintendent and the board of education.

SEXUAL HARASSMENT OF STUDENTS

The School District prohibits sexual harassment of students by employees or other students. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when:

1. Such conduct has the purpose or effect of unreasonably interfering with a student's educational performance or creating an intimidating, hostile, or offensive educational environment.
2. Submission to such conduct is made either explicitly or implicitly a term or condition of a student's academic status or progress; or
3. Submission to or rejection of such conduct by a student is used as the basis for evaluating the student's performance within a course of study or other school-related activity.

Whether a student voluntarily submits to sexual advances or requests is irrelevant for purposes of this policy.

Students who believe they have been victims of or have witnessed sexual harassment should report the incident(s) to any teacher, guidance counselor, or school administrator. The staff

member who receives the complaint shall promptly inform the administrator who is designated to investigate such reports, or the next level administrator who is not the subject of the complaint. Employees who witness sexual harassment against students shall immediately notify the designated administrator, or the next level administrator who is not the subject of the complaint. There will be no adverse action taken against a person for reporting an incident or participating in or cooperating with an investigation.

The appropriate administrator shall conduct an investigation of the incident and shall take disciplinary action where appropriate, up to and including suspension and/or termination of the employee, in order to ensure that further sexual harassment does not occur. Confidentiality will be preserved consistent with applicable laws and the responsibility to investigate and address such complaints. Students who believe that their complaint has not been satisfactorily resolved may use the normal grievance procedure. Publications disseminated to employees and students will inform them of this policy. Adopted: July 10, 2000, New Madrid County R-1 School District, New Madrid, MO.

Every Student Succeeds Act of 2015 (Public Law 114-95) ESSA

Our district is required to inform you of certain information that you, according to the Every Student Succeeds Act of 2015 (Public Law 114-95), have the right to know.

Upon your request, our district is required to provide to you in a timely manner, the following information:

- Whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether the teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived.
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.
- Whether your child's teacher is teaching in the field of discipline of the certification of the teacher.

In addition to the information that parents may request, the building must provide to each individual parent:

- Information on the achievement level and academic growth of your child, if applicable and available, on each of the state academic assessments as required under Title 1.A
- Timely notice that your child has been assigned, or has been taught for four or more consecutive weeks by, a teacher has not met applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

For requested information, please contact Sam Duncan, Superintendent, New Madrid County R-1 School District 310 U.S. Highway 61, New Madrid, MO 63869 or call 573-688-2161.

1. What is a complaint ?

For these purposes, a complaint is a written allegation that a local education agency (LEA) or the Missouri Department of Elementary and Secondary Education (the Department) has violated a federal statute or regulation that applies to a program under ESSA.

2. Who may file a complaint ?

Any individual or organization may file a complaint.

3. How can a complaint be filed ?

Complaints can be filed with the LEA or with the Department.

4. How will a complaint filed with the LEA be investigated ?

Complaints filed with the LEA are to be investigated and attempted to be resolved according to the locally developed and adopted procedures.

5. What happens if a complaint is not resolved at the local level (LEA) ?

A complaint not resolved at the local level may be appealed to the Department.

6. How can a complaint be filed with the Department ?

A complaint filed with the Department must be a written, signed statement that includes: 1. A statement that a requirement that applies to an ESSA program has been violated by the LEA or the Department, and 2. The facts on which the statement is based and the specific requirement allegedly violated.

7. How will a complaint filed with the Department be investigated?

The investigation and complaint resolution proceedings will be completed within a time limit of forty-five calendar days. That time limit can be extended by the agreement of all parties.

The following activities will occur in the investigation:

1. Record. A written record of the investigation will be kept.
2. Notification of LEA. The LEA will be notified of the complaint within five days of the complaint being filed.
3. Resolution at LEA. The LEA will then initiate its local complaint procedures in an effort to first resolve the complaint at the local level.
4. Report by LEA. Within thirty-five days of the complaint being filed, the LEA will submit a written summary of the LEA investigation and complaint resolution. This report is considered public record and may be made available to parents, teachers, and other members of the general public.
5. Verification. Within five days of receiving the written summary of a complaint resolution, the Department will verify the resolution of the complaint through and on-site visit, letter, or telephone call(s).
6. Appeal. The complainant or the LEA may appeal the decision of the Department to the U.S. Department of Education.

8. How are complaints related to equitable services to nonpublic school children handled differently ?

In addition to the procedures listed in number 7 above, complaints related to equitable services will also be filed with the U.S. Department of Education, and they will receive all information related to the investigation and resolution of the complaint. Also, appeals to the United States Department of Education must be filed no longer than thirty days following the Department's resolution of the complaint (or its failure to resolve the complaint).

9. How will appeals to the Department be investigated ?

The Department will initiate an investigation within ten days, which will be concluded within thirty days from the day of the appeal. This investigation may be continued beyond the thirty day limit at the discretion of the Department. At the conclusion of the investigation, the Department will communicate the decision and reasons for the decision to the complainant and the LEA. Recommendations and details of the decision are to be implemented within fifteen days of the decision being delivered to the LEA.

10. What happens if a complaint is not resolved at the state level (the Dept.) ?

The complainant or the LEA may appeal the decision of the Department to the United States Department of Education.

Homeless Services

Each homeless student shall be provided services comparable to services offered to other students in the district including, but not limited to, transportation services; educational services for which the student meets the eligibility criteria, such as educational programs for disadvantaged students, students with disabilities and gifted students; vocational programs and technical education; school meal programs; pre-school programs; before and after school care programs; and programs for students with limited English proficiency. Homeless students will not be segregated in a separate school or in a separate program within a school based on the students' status as homeless.

Parent / Family Involvement in Instructional and Other Programs

The Board of Education believes that the education of each student is a responsibility shared by the school as well as the family. The Board recognizes the need for a constructive partnership between districts and families that will provide for two-way communication and foster educational support for students and families. The Board also recognizes the special importance of parental involvement to the success of its Title I, Migrant (MEP), and Limited English Proficiency (LEP) programs. Pursuant to federal law, the district and parents will jointly develop and agree upon a written parental involvement policy that will be distributed to parents participating in any of these programs. In keeping with these beliefs, it is the intention of the district to cultivate and support active parental involvement and to set and realize goals for parent-supported student learning. The district:

1. Provide activities that will educate parents regarding the intellectual and developmental needs of their children at all age levels. This will include promoting cooperation between the district and other agencies or school/community groups (such as parent-teacher groups, Head Start, Parents as Teachers, etc.) to furnish learning opportunities and disseminate information regarding parenting skills and child/adolescent development.
2. Implement strategies to involve parents in the educational process, including:
 - a. Keeping families informed of opportunities for involvement and encouraging participation in various programs.

- b. Providing access to educational resources for parents/families to use together with their children.
 - c. Keeping families informed of the objectives of district educational programs as well as of their child's participation and progress within these programs.
3. Enable families to participate in the education of their children through a variety of roles. For example, family members should be given the opportunities to:
 - a. Provide input into district policy
 - b. Volunteer time within the classroom and school programs
 4. Provide professional development opportunities for teachers and staff to enhance their understanding of effective parent involvement strategies.
 5. Perform regular evaluations of parent involvement at each school and at the district level.
 6. Provide access, upon request, to any instructional material used as part of the educational curriculum.
 7. If practicable, provide information in a language understandable to parents.

Title I Parent Involvement - District Policy

Pursuant to federal law, the district and parents of children participating in the Title I program will jointly develop and agree upon a written parent involvement policy. This policy will describe how the agency will accomplish the following:

- a. Involve parents in the joint development of the Title I program plan and in the process of reviewing the implementation of the plan and suggesting improvements.
- b. Provide the coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
- c. Build the schools' and parents' capacity for strong parental involvement.
- d. Coordinate and integrate Title I parental involvement strategies with those of other educational programs.

e. Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served, including identifying barriers to greater participation by parents in activities authorized by law, particularly by parents who are economically disadvantaged, have disabilities, have limited English proficiency, have limited literacy or are of any racial or ethnic minority background. The district will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, the parental involvement policies.

f. Involve parents in the activities of the schools served.

School Policy

Each school receiving Title I funds will jointly develop with and distribute to parents of children participating in the Title I program a written parental involvement policy agreed upon by such parents in accordance with the requirements of federal law:

a. The policy must be made available to the local community and updated periodically to meet the changing needs of parents and the school.

b. The policy shall contain a school-parent compact that outlines how parents, the entire school staff and students will share the responsibility of improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children.

c. Each school participating in the Title I program will convene a meeting annually to inform parents about Title I and to involve parents in the planning, review and improvement of Title I programs, including the planning, review and improvement of the school parental involvement policy.

Migrant Education Program Parent Involvement

Parents of students in the MEP will be involved in and regularly consulted about the development, implementation, operation and evaluation of the Migrant Program. Parents of MEP students will receive instruction regarding their role in improving the academic achievement of their children.

Limited English Proficiency Parent Involvement

Pursuant to federal law, parents of LEP students will be provided notification regarding their child's placement in and information about the district's LEP program. Parents will be notified of their rights regarding program content and participation.

Public Complaints

The Board recognizes that situations of concern to parent/guardians or the public may arise in the operation of the district. Such concerns are best resolved by addressing them at the level where the concern originated through communication with the appropriate staff members. The administration has developed procedures for addressing those issues, copies of which are available at each building. Any concern regarding federal programs administered by the Missouri Department of Elementary and Secondary Education (DESE) may also be appealed to DESE or the United States Department of Education as permitted or required by law. If a complaint has been made and appealed in accordance with administrative procedures, the parent/guardian or member of the public may appeal the issue to the Board by submitting a written request to the superintendent or the secretary of the Board. The Board will address the complaint in an appropriate and timely manner. The following steps are to be followed by parents/guardians or the public when questions or complaints arise regarding the operation of the school district or federal programs administered by DESE and cannot be addressed through other established procedures.

1. Complaints on behalf of individual students should first be addressed to the teacher or employee involved.

2. Unsettled matters from (1) above, or problems and questions concerning individual schools, should be directed to the principal of the school. The principal will provide a written response to the individual raising the concern within five (5) business days of receiving the complaint or concern.

3. Unsettled matters from (2) above, or problems and questions concerning the school district, should be directed to the superintendent. The superintendent will provide a written response to the individual voicing the concern within five (5) business days of receiving the complaint or concern.

4. If the matter cannot be settled satisfactorily by the superintendent, it may be brought to the Board of Education. Written comments submitted to the superintendent or the secretary of the Board will be brought to the attention of the entire Board. The Board will address each concern or complaint in an appropriate and timely manner.

The decision of the Board shall be final except in the case of complaints concerning the administration of federal programs. In that case the complainant may go to the appropriate section of DESE and from there on to the United States Secretary of Education. The Board considers it the obligation of the professional and support staff of the district to field the questions of parents/guardians or the public. Accordingly, the district will inform patrons of this complaint procedure and its availability. Complaints regarding district compliance with nondiscrimination laws will be processed according to the grievance procedure (AC-R), established for that purpose. Employee grievances will be processed in accordance with the established employee grievance procedure or as otherwise required by law. All other grievances for which there is a specific policy or procedure will be addressed pursuant to that policy or procedure.
